

Instructions on how to set your Mozilla Firefox Browser to delete history ,cookies ,ect every time you close it

In the upper right hand corner of your Firefox browser click the Setting Icon (3 lined Icon) and then from the drop down click the Options Icon (Cog wheel Icon)

Click the Privacy Icon (Mask Icon) and then click the drop down list marked "Firefox will Remember history" to get a drop down list . From this click to Choose "Use custom settings for history"

By default the top five tick boxes are already ticked, also tick the bottom 3 tick boxes under the DATA heading. Click OK as required to close all windows
