

Change Password

Users have the facility to change their password. This functionality can be found under the username's drop down menu [Figure 5].

Figure 1: Change Password

To **Change Password** the user must input his current and new password twice. Then click on **Change** [Figure 6].

A screenshot of a modal dialog box titled 'Change password for user *registrant1*'. The dialog has a close button (X) in the top right corner. It contains three input fields: 'Current Password', 'New Password', and 'Confirm Password'. Each field has a placeholder text with the same name. At the bottom right, there are two buttons: 'Cancel' and 'Change'.
